MEMORANDUM FOR: Comptroller

SUBJECT : Construction of Softball Fields at Langley

REFERENCE : My Memorandum, Same Subject, dated 12 April 1963

1. Reference authorized the construction of three softball fields near the Headquarters Building and also noted that construction costs would be funded from funds available to the Agency from non-appropriated sources. The original estimated cost of construction was \$9,350. Subsequently, however, it became necessary to change the site of the softball fields and the estimated construction cost at the new site increased to \$12,637. The Office of Personnel and the Office of Logistics were authorized by me to proceed with construction of the softball fields on the basis of this new estimate.

2. Attached are partial billings for work completed to date, as well as statements and recommendations from the Office of Logistics for payment of these bills. Accordingly, authorization is hereby granted to release the following amounts from the Agency's Central Club Fund:

a. Maddox & Hopkins, Engineers & Surveyors	\$ 630.00
b. S.A. Bruns Construction Corporation	\$5,850.00

3. It is requested that checks drawn to the order of the payees and in the amounts due be returned to the Chief, Benefits and Services Division, Office of Personnel, for delivery.
